THE COURSE

This study through the Book of Philippians will involve the process of exegesis which considers context, word structure, and meaning. In addition, we will outline the book and develop approaches for sermon briefs and application of the text of Paul's Letter to the Philippians.

THE INSTRUCTOR

Dr. Johnny Ellison is the Senior Pastor of Green Acres Baptist Church in Warner Robins, Georgia. His background in preaching, teaching and sermon delivery includes a D.Min with an emphasis in Expository Preaching. In addition, he has carried on a preaching ministry in three churches for the past 17 years.

His education includes a B.S. from Georgia Southern University, an M.Div from New Orleans Baptist Theological Seminary, and a Doctor of Ministry from Luther Rice University. His passion for the local church and heart to reach the un-reached, and his desire to accurately divide the Word will be seen through weeks and meetings of this class.

Warner Robins Regional Bible Institute

With the help of the Georgia Baptist Convention, the Rehoboth Baptist Association has launched a new regional Bible institute designed to help bi-vocational pastors, persons who feel God might be calling them into the pastorate, and any pastor who wants additional help in specific skill areas. The fall term of the Warner Robins Regional Bible Institute will begin September 9, 2010 .

This center is organized to address key areas of development needed by all pastors—and those who feel God might be calling them into the pastorate—facing 21st century ministry and ministry challenges. Courses are taught by pastors and other leaders from the Warner Robins area who have expertise, academic qualifications, and personal experience in the areas and courses for which they are invited to lead.

Courses offered in the Warner Robins Regional Bible Institute are sponsored in partnership with the Continuing Education Ministry of the Georgia Baptist Convention, and is planned in ways that meet standards for Continuing Education certification.

Courses will be conducted on Thursday nights at Green Acres Baptist Church, Warner Robins. Cost is \$60/ which includes a book. Although the center is located in Rehoboth, these studies are open for anyone who wants to participate both inside and around the Rehoboth Association.
